Subject: Apparent Conflict of RNCasting Plan with QKFervor Operations - Sham/BGFiend

To : Chief, DYCluck
Washington, D.C.

Attn: ()

REF : A. () B. 1387-CLEWU

1. We would like to draw your attention to two apparent conflicts in 1952 infiltration plans.

2. The QKFervor team mentioned in paragraph 1-a of reference B is scheduled to operate in the identity (1) area from the middle of June through the middle of September. The team mentioned in paragraph 1-c of reference B is scheduled to operate in the identity (2) region within the area of HTRegale C 0706, G 0866, G 1097 and C 1356. It will be infiltrated about the middle of July to exfiltrate during the month of October. Paragraph 3 of reference A states that RNCasting will provide an agent for the identity (1) area and one for the identity (2) area "about August".

3. As we are not advising the ZRCrowns of teams prepared on behalf of RNCasting, you are requested to provide guidance on what should be said to Valuable concerning these two projected RNCasting operations. If you wish, we can tell Valuable that we are running DYClean teams into the identity (1) and (2) areas as was done in the case of Apple.

4. However, we are reluctant to infiltrate any teams into an area where Valuable teams are already operating. This can only result in utter confusion to both the local population and team members who in this case would be of different political factions with neither team having knowledge of the make-up, names, and mission of the other. It would be further complicated by the Valuable mission representing HTNeigh and the other groups appearing in the area as RNCasting's personal representatives.
